Whether you're hauling logs, carrying supplies to the cottage or taking passengers safely along for the ride, Equinox (tow) Boggans are the snowmobiler's choice.

Tough, lightweight and flexible, Boggans go where you go and haul whatever you've got. Over narrow trails or frozen lakes, big loads or small, Equinox has the right Boggan for the job:

- off-trail or cross-country hauling
- all weather rescue
- touring and winter camping
- heavy duty freighting
- family recreation

TRAIL BOGGAN

Shown here with optional thermoplastic front canopy cover.

On tight trails you need a sled that keeps you on-schedule by staying on-track.

Trail Boggan™ Exceptional agility and excellent capacity for reliable off-trail and cross-country travel.

Full body steel side rails provide greater hauling capacity. Narrow width allows the Trail Boggan to follow precisely in the track of the snowmobile.

AVAILABLE OPTIONS:

- Thermoplastic front canopy covers
- Tough, full-length, snap-on canvas covers
- Polyethylene runners (shown below)
- Colors available: Black, Yellow, Red, Teal Green, Blue, or Olive Drab

SPECIFICATIONS:

Construction:	Polyethylene
Length:	93" (236.2 cm)
Width:	26" (66 cm)
Depth:	12" (30.4 cm)
Hitch Style:	1-Piece or 3-Piece Hitch

Equinox fully articulated hitches are built strong for all conditions. Hitch pivot points are located on the side of the sled, preventing fishtailing and plowing.

Optional Polyethylene Runners

Trail Boggan's tie-down points make securing a load easy.

POLAR BOGGAN

Choose the sled specially designed for your needs.

Polar Boggan™ Economical, trail friendly and a proven performer over tough terrain.

SPECIFICATIONS:

Construction:	Polyethylene
Length:	72" (183 cm)
Width:	30" (76 cm)
Depth:	9" (22.9 cm)
Hitch Style:	1-Piece Hitch

AVAILABLE OPTIONS:

- Tough canvas covers with elastic edging, snap-on fasteners and adjustable tie-down belts
- Polar Inn Ice Hut (see page 13)
- Colors available: Black, Yellow, Red, Teal Green, Blue, or Olive Drab

POLAR PLUS BOGGAN

Polar Plus™ Premium touring sled with added depth for extra load capacity. Leave nothing behind on those extended winter trips. Lightweight, compact, the perfect sled to carry weekend supplies to the cottage.

SPECIFICATIONS:

Construction:	Polyethylene
Length:	72" (183 cm)
Width:	30" (76 cm)
Depth:	12" (30.5 cm)
Hitch Style:	3-Piece Hitch

AVAILABLE OPTIONS:

- Tough canvas covers with elastic edging, snap-on fasteners and adjustable tie-down belts
- Polyethylene runners (see page 3)
- Polar Inn Ice Hut (see page 13)
- Colors available: Black, Yellow, Red, Teal Green, Blue, or Olive Drab

Also available for Polar and Polar Plus Boggans:

FISH INN

Polar Inn Ice Hut
(See page 13 for details.)

SNOW ROVER BOGGAN

The Snow Rover is available with a tow rope or a steel hitch that can be quickly connected to your snowmobile.

Snow Rover™ Lightweight, flexible and compact for easy storage, the Snow Rover features built-in runners for superior tracking and tie-downs for secure loading.

SPECIFICATIONS:

Construction:	Polyethylene
Length:	70" (177.8 cm)
Width:	22" (55.9 cm)
Depth:	4" (10.2 cm)
Hitch Style:	1-Piece Hitch

AVAILABLE OPTIONS:

- Strap-on canvas load covers with adjustable straps.
- Nordic Inn Ice Hut (see page 13)

Also available for Nordic and Snow Rover Boggans:

FISH INN

Nordic Inn Ice Hut
(See page 13 for details)

NORDIC BOGGAN

Nordic™ The compact, all-purpose utility freighter that transports easily.

With its deep side walls, the Nordic really packs cargo. It's great when trail-breaking and on tight bush trails, because its narrow width allows the sled to follow neatly in the snowmobile's track.

SPECIFICATIONS:

Construction:	Polyethylene
Length:	72" (183 cm)
Width:	22" (55.9 cm)
Depth:	10" (25.4 cm)
Hitch Style:	1-Piece Hitch

AVAILABLE OPTIONS:

- Tough full-length snap-on canvas covers
- Nordic Inn Ice Hut (see page 13)

BRUTE BOGGAN

Brute™ Extended capacity polyethylene freighter for serious loads and heavy duty hauling. The Depth and width allow for greater hauling capacity than most, making it ideal for work or play.

Brute freighters are also available with skis and heavy duty suspension.

Also available: ATV Brute

All of Equinox's Boggan metal components are powder coated for lustrous durability, longevity, and rust-resistance.

AVAILABLE OPTIONS:

- Available with or without Suspension and Skis.
- 2" polyethylene runners
- 16" and 18" polyethylene back boards
- Plastic ski skins
- Composite skis
- Snap-on canvas load covers with adjustable straps
- ATV Brute (shown below)
- Colors available: Black, Yellow, Red, Teal Green, Blue, or Olive Drab

SPECIFICATIONS:

Construction:	Polyethylene
Length:	96" (243.8 cm)
Width:	35" (88.9 cm)
Depth:	16 1/2" (41.9 cm)
Hitch Style:	1-Piece Limited Rotational Hitch

Also available
for Brute Boggans:

FISH INN

Blizzard Inn Ice Hut
(See page 13 for details.)

Hitch Style: 1-Piece Limited Rotational Hitch

Take the whole family along on winter adventures.

The SnowCoach MPV is the first large multiple passenger carrying sleigh on the market today. The SnowCoach MPV is excellent for large families, ski resorts, fishing lodges, or anywhere you need to transport a large group of people.

The SnowCoach MPV can carry 4 to 5 passenger easily, depending on whether you equip the SnowCoach MPV with bucket seats or bench seating. The SnowCoach MPV featuring a high performance gas shock suspension, limited rotational hitch, body reflectors, and brake/running lights. It comes in many different colors such as black, yellow, red, teal green, sandoz blue, and olive drab.

Equinox's gas shock suspension system really tames trails, providing a remarkably smooth, stable ride.

THE AEROTOW

**New
Product**

The Aerotow is our newest passenger sleigh with an aerodynamic body style that offers comfortable seating for two adults. The Aerotow can be pulled behind your snowmobile and has an optional ATV conversion kit.

The Aerotow is equipped with a custom interior and lumbar support that provides total passenger comfort for two adults.

The large door assembly and removable top allows for easy loading. The large 10 cubic foot trunk allows you to haul extra gear when you need it. The Aerotow has a taillight, reflectors, and seat belts installed to provide addition safety for your passenger(s). The fiberglass body is finished with a high durable Gelcoat finish, which is easy to maintain and comes in five different colors.

Large capacity (10 cubic ft) trunk has room to store everything you need for a day on the trails, hunting or fishing.

Tail lights and reflectors protect your passengers.

Limited rotational hitch connects to all snowmobiles.

AVAILABLE OPTIONS:

- Colors available: Black, Yellow, Red, Green or Blue
- ATV Conversion Kit
- Plastic ski skins
- Composite skis
- Canvas transport cover

SPECIFICATIONS:

Construction:	Fiberglass
Length:	85" (216 cm)
Width:	43.5" (110.5 cm)
Depth:	45" (114.5 cm)
Hitch Style:	1-Piece Limited Rotational Hitch
Weight:	350 lbs.
Capacity:	350 lbs.

Also available:
ATV Aerotow

*At the time of printing the Aerotow is undergoing minor design changes and is not exactly as shown.

When structural stability is needed for tough jobs, you can trust the strength of fiberglass.
